Statement of Support for H.R. 3762 Restoring Americans' Healthcare Freedom Reconciliation Act

Priests for Life, the largest ministry in the Catholic Church focused on ending abortion, strongly supports H.R. 3762, the *Restoring Americans' Healthcare Freedom Reconciliation Act*.

Health care is a basic right, and life itself is an even more basic right. No health care should be advanced at the cost of human life itself, and no health care legislation or funding should be directed toward the destruction of human life, including by entities like Planned Parenthood.

Priests for Life will continue to educate and activate Catholic Churches throughout America work with their legislators to enact health care reform that truly respects and advances human dignity and the right to life.
